

Using the Guajome Park Academy Parent Portal

The Guajome Park Parent Portal is an easy to use, web-based application that allows parents and students to see student information. This information includes:

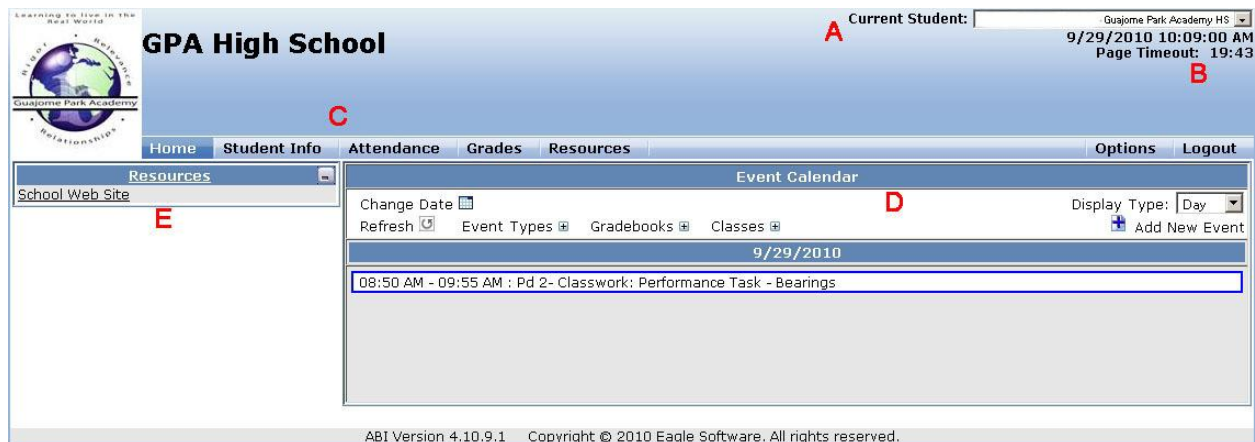

- **Student Info**
 - Demographics
 - Class Schedule
 - Test Scores
- **Attendance**
- **Grades**
 - Gradebook
 - Current Assignments
 - Grades
 - Graduation Status (HS/ELC/IS Only)
 - Transcripts
- **Resources**
 - Online Resource Center
 - Reports (Not used at this time)

This document will explain each of these areas and will point out specific items on each page that may be of interest. Some general items for the Portal:

- The Portal should work with most popular browsers – Internet Explorer, Firefox, Opera, Safari, etc.
- The information is read only and cannot be changed through the browser.
- Since the information is viewable through a browser, it can also be printed from the browser.
- The Portal has an incorrect password timeout feature – if you enter an incorrect password four times in a row, the Portal will “timeout” for one minute before letting you try to enter the password again.
- The Portal has a 20 minute inactivity logout. If you do not actively browse the pages or click on any of the menu items, the Portal will log you out after 20 minutes of inactivity.
- You should log out of the Portal when you are done using it and do not allow the time out feature to be your logout. If the Portal times out after 20 minutes, the last screen that you were on will still be displayed and, if you are on a public computer, that information will be viewable by the next person using that computer. Always log out when you are done.

Main Page

The first page that you will see when you log in to the Portal will look similar to the screen below.

Key points of interest:

A — This shows the current student that is linked to your account. If you have more than one student, select the drop down box, select “Add Additional Student Not Currently Listed”, enter the key information for your other student, and now both students will appear in the Current Student box. You can switch between your students by picking the student you are interested in from the drop down list.

B — This is the 20 minute inactivity timeout counter. It will reset to 20 minutes every time you select a menu item or click on a page. When there is no activity, it will continue to count down to zero. At 5 minutes it will turn red to warn you and when the full 20 minutes of inactivity occurs, the portal will log you out.

C — This is the main menu. Just select any one of the main menu items to get to the items below that menu item. “Options” will allow you to change your password or your email address. Doing either of those tasks will send a confirmation email to your original email address to advise you of the change.

D — This is the Event Calendar. You can use it to view events related to the school calendar, specific class events or gradebook assignments if the teacher provides those calendar items in their gradebook. You can select a different view of the calendar – Day, Week, or Month. The assignments shown in the Event Calendar are currently outstanding if the teacher sets the calendar days for the assignments.

E — This is the Resources section where the school may add links to important or informative web sites.

Student Demographics

This page is the Demographics page, accessed from the Student Info Menu. This page provides general student information like name, student identification numbers, age, address, parent/guardian name, home phone, counselor name, ethnicity, and next school.

The class schedule information includes:

Per - Period the class meets

Sem - Semester (Fall, Spring, or Year)

Days - Days of the week the class meets

Sec – The class section number

Course ID – The class course ID number

Course Title

Tch# - Teacher Number

Tch Name

Room – The room in which the class is scheduled to meet

Email – The teachers email address. You may click on that email address and a mailto window should pop up allowing you to send an email directly to that teacher.

Test Scores

This page shows the test scores for various tests the student has taken at Guajome. You have two options, "Content Standard Scores" and "Sort Tests by Part". If you select Sort Tests by Part, the scores will resort according to column two, Part No. so that you can see the same test parts grouped together for a view of test progress over a period of time.

Gradebook

These pages provide information on assignments and grades. The first page, Gradebook Summary, shows the gradebooks available for each class that the student is currently taking. The key item for this page is the “+” in the Details column of the summary. By clicking on that symbol, you will be shown the details of the assignments, scores, and grades for that class.

This page shows the same information that is on a progress report/report card. The grading groups (P1, P2, Sem 1, P3, P4, Sem 2) correspond to the six grading periods. If the teacher put a code in the "CI" (Citizenship) or "WH" (Work Habits) columns, you can click on the column header to go to a page that explains the codes for that column. Use the "Back" button on your browser to go back to the Grades page.
